

Install Ceramic Tiles (optional)

Figure 10 – Close-Up of Installed Tiles

Install Ceramic Tiles (Optional)

1. Using a piece of cardboard, lay the tiles (beginning in 1 corner of the cardboard) into a pattern of 7 tiles across and 8 rows down. This will create a square equal to 8"x7" using 56 of the multi-colored ceramic tiles.
2. Now draw lines to mark the corners. Remove the tiles and cut the cardboard along the marked lines.
3. Lay the cardboard on each platform (one at a time) and draw very thin and light lines at each of the 4 corners.
4. Brush on a thin coat of Mod Podge decoupage glue inside the lines on the platforms and then reapply the ceramic tiles
5. Do the same for the other 3 platforms and set aside to dry.
